

Module Positions

Written by Administrator

Tuesday, 22 September 2009 14:28 - Last Updated Wednesday, 30 September 2009 12:17

There are 28 module positions with this template that are collapsible (if no modules are published to the position, it will not appear).

Logo, Toolbar, & Footer4 are conditional positions. There are other elements which occupy these areas, such as the logo image for **Logo**; the fusion menu for **Toolbar**

and the copyright notice in

Footer4

. When you publish a module to these positions, it will collapse the theme element and replace with your module. If you wish to disable everything, hide the various elements in

Extensions **Template Manager** **rt_infuse_j15**

. Such an example would be setting

Show Logo

to

No

.

View all module positions live by appending **?tp=1** or **&tp=1** to the end of your URL such as <http://yoursite.com/index.php?tp=1>

.

The below diagram is of the [Module Variations](#) page.
